### December

- Facilitating with Energy Alton the establishment of the ‘**Community Cupboard**’ and Community Fridge to distribute surplus food from supermarkets to local people.

## 2020

### January

- **Advising schools** on making their grounds more wildlife friendly, on outdoor learning, meeting with school heads on two specific new initiatives, the “design an eco-hero competition” and an “eco-conference”
- **Website** goes live [www.AltonClimateNetwork.org.uk](http://www.AltonClimateNetwork.org.uk)
- The first of our **regular columns in The Herald**

## Ongoing

- Establishing a relationship with our **MP Damian Hinds** and eliciting a positive response. (There are

indications that we may actually have influenced him.)

- Establishing good relations with **all three layers of local Government**: Town, District & County Councillors
- (*Lobbying & Campaigning group*) **Challenging disinformation** in local media
- Writing to BBC and National Media
- Promotion of rail travel ‘by example’
- **Interacting** with the public and **spreading the word** through stalls at events through the summer and autumn
- Providing **mutual support** as colleagues engage on a daily basis with the frightening realities of the climate crisis and the intractability of its denial.

## The Future

- Setting up a **Community Hub** at the Community Centre
- Working with Town Council on plans for a (first ever) **Alton Eco-Fair** on 12th July 2020 (and partnership on other climate change issues)
- (*AVLAN & GW300*) establishing a **garden** in front of All Saints Church inspired by Gilbert White’s Garden.
- (*AVLAN*) Improving **green spaces in Alton** for wildlife
- Stall at **Nature Festival** at Gilbert White’s House in May
